

# NOYD'S IRIS GARDEN

*Hybridizing and Growing*

1501 Fifth Street

Wenatchee, Wash.

**1958**

*Member of American Iris Society*

## GREETINGS IRIS FANS

We wish to thank our many customers for their previous orders, cards, letters and phone calls. May we serve you again this year? Visit the garden with your camera and you will be able to enjoy iris all year 'round with your colored slides.

We have a great many seedlings to evaluate and we solicit your help. We are growing many seedlings and "Guest Iris" for other hybridizers. Come and see them, too. Some of the named ones are: BERTA B., BLUE GENES, BLUE MOTIF, COOL COMFORT, CROWN POINT, GRADUATION GIFT, GREEN BOY, ICE 'N LIME, PAINTED CHINA, SERENE SUNSET, SUNDAY MORN, PRINCESS ANN.

We have been experimenting with some Stauffer chemicals and like what we have seen so far. Two years ago Merritt Francies, a Stauffer Chemical salesman, gave us some samples of Captan seed treatment and some wettable Captan for soaking iris before planting. We soak the tops as well as the rhizome, and are pleased with the results. Why not get some and try it?

It has been a hard job keeping the weeds out of seedlings until they are large enough to transplant. I mentioned it to Merritt and he gave us a sample of Vapam, a soil fumigant to try. It kills nematodes, weed seeds and fungus. It must be used on soil with no plants in it as it kills everything there; but the soil is ready for use in 2 or 3 weeks and things seem to grow better in the treated soil. You do not have to use a tarp and it can be applied with a sprinkling can on small areas. On large plots they apply it with machines. We are going to use it on our resting soil this year.

Sincerely yours,  
WALTER and LUILLA NOYD.

## 1958 OFFER

### PLEASE READ CAREFULLY

Early orders will receive a bonus iris absolutely free. Your order must be in by June 15 to qualify for this bonus.

We pay postage on orders \$5.00 and over. Smaller orders, please add 50c.

**On Orders from \$5.00 to \$10.00**

		1 Chippitica.....	(\$ 5.00) Free

### THIS IS NOT A CASH DISCOUNT.

It will save us time if you list you order alphabetically using the blank for order only. If you write us a note or letter, please use separate piece of paper.

### TERMS

**CASH** with your order, please, as we have to do our own book-keeping.

**POSTAGE**—We pay postage on orders of \$5.00 or over. All others, please add 50c.

**EXTRAS**—"Net" varieties and those marked with a \* are in short supply and may not be used as extras.

**SHIPPING**—July through September in order as they were received. Order early and avoid disappointment.

**GUARANTEE**—All rhizomes are true to name as labeled, top quality and size. If for any reason you are not perfectly satisfied, please, let us know at once.

**TAX**—Washington state residents, please, add 3 1/3% sales tax.

**FUTURE PLANS**—This will be our last retail catalog. We will sell from check lists in the garden and will send out WHOLESALE lists only, hereafter.

**OUR NEW 1958 INTRODUCTIONS — TALL BEARDED**

**Row**

- 1 APRICOT DANCER**—L-VL Medium height. (June Bride X Temple Bells). A very lacy orange apricot self with flaring falls and an apricot beard. Very lacy style arms. The buds are a deep orange. \$20.00
- 4 APRICOT DREAM\***—M-L. Medium height. (Reveille x New Horizon x Apricot Glory) X Temple Bells. A deep apricot even to the beard. A real advance in color. This slightly ruffled flower is very fragrant. \$20.00
- 3 COTLET\***—M-L. Medium height. This sister to Apricot Dream is a light apricot self with a deep apricot beard. There is a delicate pink flush around the beard. The falls are horizontal. Besides being beautiful, it is fragrant. The Liberty Orchards of Cashmere gave us permission to use the name of their famous candy, for which we want to thank them again. \$20.00
- 7 FLAMING BEARD**—L. Medium height. ((Buffawn x Pink Seedling) x New Horizon) X Salmon Shell. A peachy apricot self with an amazing red-tangerine beard that extends far down on the falls. The falls are pleasingly rippled at the haft. An attention getter. \$20.00
- 1 GREEN TINGE**—M-L. Medium height. (Dixie Belle X Spanish Peaks). A flaring white self with green buds and green-gold at the haft. This sister to Angela Mia may be very useful to hybridizers working for greens. A good supply is responsible for the low price. \$10.00
- 2 LAKE CHELAN**—M-L. Medium height. ((Plough's W1 Cream x Treasure Island) x Gloriole) X Chivalry. A deep blue self even to the beard. The lighter area around the blue beard accents it. I got good reports on this from Greater Kansas City Test Gardens last year. \$20.00
- 2 LILAC PARADE**—M-L. Medium height. ((Plough's Prairie Sunset x Cigarette) x Tell's 47-31) X Mary Randall. A very large Persian Lilac self with a bright tangerine beard. (No color like it in the garden). This is the one that we had a contest to name. My sister, Maxine DeWitz, gave it the name that we selected. \$20.00
- 3 ROYALTY VELVET**—M-L. Medium height. (Valiant Seedling x Ruth) X Queen Elizabeth. A very velvety wine-red. Very smooth with no venation. It has nicely flaring falls and a golden brown beard. Net \$25.00
- 4 STRIPED BUTTERFLY**—M. Medium height. (Butterfly Wings X Cahokia). A light blue self with flaring falls that are veined darker violet-blue. The beard is yellow and there is a small amount of olive-ocre on the shoulders. H. C. '57. Net \$25.00
- 5 WENATCHEE KID**—M-L. Medium height. (Brown Seedling X Firecracker). A very unusual blend of tan, burnt sienna, flame and green. The beard is bright orange. The buds are green and the green remains on the back of the falls. There is a green line up the midrib. The flower is slightly ruffled. Very showy. \$20.00

All of these introductions are well branched and good size and have good substance. I do not give an exact height as they vary from garden to garden.

The following gardens are displaying some or all of these new ones, as well as some earlier introductions: H. E. Harder, Churchville, N. Y.; Greater Kansas City Test Garden, Kansas City, Mo.; Chet Tompkins, Canby, Oregon; Thomas Carney, Memphis, Tenn.; Opal Brown, Walla Walla, Wash.; Ira Williams, 1624 Queenstown Road, Oklahoma City, Oklahoma.; Brown's Hatchery, Highway 99, Lynnwood, Wash.; Midge Awalt, Hayward, Calif.

## OTHER 1958 INTRODUCTIONS

**FORWARD LOOK**—(Murray) (Mexico X Glittering Gold). This is being introduced by Geo. Murray of Covina, California, and I am co-introducing it here. The flowers are large with no markings to mar its beauty. It has firmly closed standards and flaring falls. The standards are light yellow; the falls are growing light apricot to light brown-tan. Most unusual. Very glowing falls..... Net \$18.00

**GLACIER QUEEN**—(Awalt). (Snow Flurry X Golden Madonna). We are happy to introduce this huge long lasting, cool white for Midge Awalt of Hayward, Calif. It looked very good here and we have had some very good reports from California on it. It is very tall and is nicely ruffled.

### JOIN THE AMERICAN IRIS SOCIETY

You will receive four large book-form bulletins each year and can learn more about iris and their culture.

Members are as follows:

1 year \$5.00  
3 years \$12.50  
1 year family membership \$6.00

Make check payable to the American Iris Society, and send it to us with your order and we will give you FREE equal value in iris. THIS IS FOR NEW MEMBERS ONLY. You are considered new if you have not belonged for two years.

When you renew your membership be sure to send it to your regional Vice President so he may keep 50c for work in your region.

Luella Noyd, accredited American Iris Society Judge.
